Manitoba Council on
Post-Secondary Education

Statistical Compendium

For the Academic Years Ending in 2008

Fall 2009

Manitoba

Data Availability

In addition to compact disc (CD-ROM), the Statistical Compendium is available on the website of the Council on Post-Secondary Education.

Data in This Report

The data in this report have been provided by:

- University of Manitoba
- University of Winnipeg
- Brandon University
- Collège universitaire de Saint-Boniface
- Red River College
- Assiniboine Community College
- University College of the North (formerly Keewatin Community College)
- Canadian Mennonite University
- Providence College and Seminary
- Steinbach Bible College
- William & Catherine Booth College
- ACCESS Programs
- Campus Manitoba
- Inter-Universities Services

Although the data in this report have not been audited, the objective is to provide a general overview of Manitoba Post-Secondary institutions. And because the fundamental difference among institutions in academic programs, organization and physical environment, data in this report are subject to interpretation and clarification.

Requests for further institutional data should be directed to the specific university, college or program.

How to Obtain More Information

Inquires about this document should be directed to:

ACKNOWLEDGEMENT

This edition of the Statistical Compendium was prepared in cooperation with representatives of Manitoba's post-secondary institutions and programs. The universities, colleges and private religious institutions provided data for the years 2002/03 to 2006/07. The other programs provided data at various time frames.

The Council on Post-Secondary Education would specifically like to thank the individuals associated with the following institutions and programs, who gave of their time and assistance, which in turn, made this document possible. These include:

- The University of Manitoba Office of Institutional Analysis and Human Resources
- The University of Winnipeg Institutional Analysis Department and Human Resources
- Brandon University Co-ordinator of Research Services, Computer Services, Enrollment Services and Human Resources
- Le Collège universitaire de Saint-Boniface Registrar and Computer Services
- Red River College Research and Planning and Human Resource Services
- Assiniboine Community College Registrar, Computer Services and Health and Human Services
- University College of the North Registrar (formerly Keewatin Community College)/ Computer Services and Human Resources
- The Canadian Mennonite University Registrar and Computer Services
- Providence College and Seminary
- Steinbach Bible College
- William and Catherine Booth College
- The ACCESS Programs
- Campus Manitoba
- Inter-Universities Services

CHAPTER 1 - UNIVERSITIES

PART 1

TOTAL ENROLLMENT

CHAPTER 1 – UNIVERSITIES

1.0 Background

There are four funded public universities and one university college in Manitoba, each operating under separate legislation and defined as universities under the Council on Post-Secondary Education Act: the University of Manitoba (UM), the University of Winnipeg (UW), Brandon University (BU), Collège universitaire de Saint-Boniface (CUSB) which is an affiliated college of The University of Manitoba and University College of the North (UCN).

The UM is the largest, most comprehensive and only medical-doctoral university in Manitoba. In addition to offering undergraduate and graduate education in arts, science and other fields, UM offers programs in a broad range of professional areas. The UW, BU and CUSB are all primarily undergraduate institutions, which offer undergraduate and a limited number of graduate programs in arts, and education, as well as specialized programs on an institution-by-institution basis. CUSB offers university programming in French.

University College of the North was established July 1, 2004 replacing Keewatin Community College (KCC). Bachelor of Arts was the first degree program offered at UCN in 2005/06 and in 2006/07 the Kanaci Otinawawasowin – midwifery degree program was introduced. College-level programming offered through the former KCC is available through the new university college. Programming is available at the two main campuses in Thompson and The Pas, as well as through a network of regional centres in smaller communities throughout northern Manitoba.

On some tables, data in this Chapter may differ from the September 2008 edition. Data in this document should be considered correct, as some institutions have revised their data.

1.1 Total Enrollment

1.1.1 Total Enrollment – All Sessions

The "total student enrollment for all sessions" is the sum of all full-time and part-time students at each university in Manitoba. This includes undergraduate and graduate enrollments in both the regular session and spring/summer sessions. Total enrollment is a student headcount, which is the sum of all full-time (FT) and part-time (PT) students.

"Full-time equivalent" enrollment (FTE) is a calculation that equalizes all students to full-time status. This calculation takes the number of part-time students and it divides by 3.5, which, according to Statistics Canada, will give a figure equivalent to the number of students attending university full-time. When this number is added to the number of full-time students, the result is FTE.

Enrollment is a discrete count of students in each session; regular session (full-time or part-time) and/or spring/summer session (full-time or part-time). Therefore a student may be counted twice if enrolled in both sessions in an academic year. Statistics Canada does not report a student twice in one academic year. As a result, data reported in the Compendium may not be completely parallel to Statistics Canada data.

Regular session data are reported by the universities as of November 1 annually, and includes students who have paid tuition fees; fall and/or winter session. Spring and summer data are reported two days following the voluntary withdrawal date of the final summer session term.

The chart below shows that for the five-year period from 2003/04 to 2007/08, the distribution of total student enrollment by university remained unchanged. UM accounts for just over two-thirds or 68% of total university enrollment, UW 21%, BU 8%, CUSB 2% and UCN 1%.

All universities are showing an enrollment slow down in 2007/08 over previous year, except of UCN with an increase of 15.8% over previous year. An overall enrollment decrease of 1.6% is observed in 2007/08.

Despite the slow down in 2007/08, cumulatively between 2003/04 and 2007/08 total enrollment increased by 2,883 students or 5.7%. Following the same trend, both full and part time enrollment increased by 7.7% (2,176 students), and 3.1% (707 students) respectively.

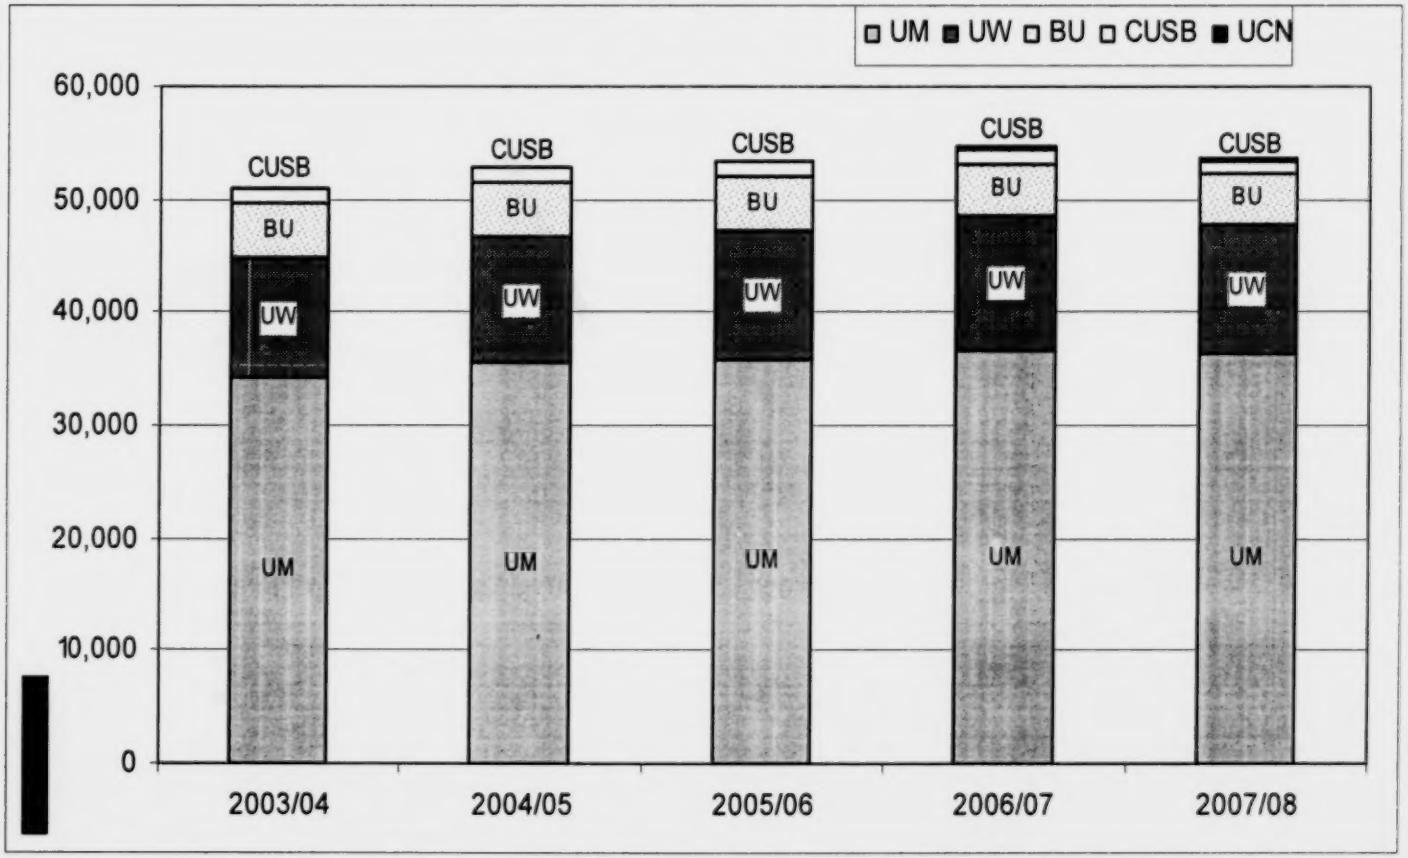
Enrollment data includes;

1. Undergraduate and Graduate enrollments: Full time and Part time.
2. Regular (end of Nov) and spring/summer sessions
3. Joint Master's program students who have their workload directly associated with the UM.
4. Pre-master's (PMGE), Master's Doctoral, Occasional and Diploma students.
5. Distance Education students (Part time).
6. Enrollment is discrete count of students in each session; e.g. student enrolled in Regular and Spring/summer session in the same year may be counted twice in the above data.
7. In April 2006, University of Manitoba implemented a new student registration system. The new system has a different conceptual format, i.e. students registration information are separated/recorded on a term by term basis. For the purpose of reporting, Fall term enrollment is used. Full/part-time breakdown unavailable for 2006, therefore all students in spring/summer session counted as part-time.
8. University College of the North (UCN) was established in July 2004 and replacing Keewatin Community College (KCC). 2006/07 data include degree programs in Bachelor of Arts, Midwifery and Joint Bachelor of Nursing.

Table 1.1.1 (a) - Total Enrollment -All Sessions 200/04 to 2007/08



1.1.2 Total Enrollment – Regular Session

In general, regular session at universities is from September to April and comprises one full academic year. Both full and part-time students enroll during regular session.

Total enrollment for regular session, as found in Table 1.1.2, shows a similar trend over time to that of total enrollment. Between 2003/04 to 2007/08 total regular session enrollment increased at all five universities by 859 students or 2.2%.

Overall total FTE's also increased between 2003/04 to 2007/08 by 1,939 students or 6.2%. Similar to the total enrollment data, regular session full-time enrollment (which comprised 76% of total enrollment in 2007/08) increased each year between 2003/04 and 2007/08.

Overall, there was an increase of 2,371 students (or 8.5%) in regular session full-time enrollment. Part-time regular session students over the five-year period is not comparable due to a registration system change in 2006 at UM, full/part-time breakdown unavailable, therefore all students in spring/summer session are counted as part-time.

Enrollment data includes:

1. Undergraduate and Graduate enrollments. Full time and Part time

Source: Manitoba Universities

2. Joint Master's program students who have their workload directly associated with the UM

3. Pre-master's (PMQE), Master's Doctoral, Occasional and Diploma students

4. Distance Education students (Part time)

5. University College of the North (UCN) was established in July 2004 and replacing Keewatin Community College (KCC). It began offering Bachelor of Arts in 2005/06 and Kanaci Obtinawewastowin (Aboriginal Midwifry)Baccalaureate Program (KOBP) in 2006/07.

6. In April 2006, University of Manitoba implemented a new student registration system. The new system has a different conceptual format, i.e. students registration information are separated/recorded on a term by term basis. For the purpose of reporting, Fall term enrollment is used. Full/part-time breakdown unavailable for 2006, therefore all students in spring/summer session counted as part-time.

1.1.3 Total Enrollment – Spring/Summer Session

Intersession, spring and summer sessions operate at universities between May and August and include both full and part-time graduate and undergraduate students.

Table 1.1.3 shows that between 2003 and 2007 almost all spring and summer session enrollment at each university was comprised of part-time students. BU,CUSB and UCN did not offer full-time spring and summer session programming. Part-time enrollment continues to dominate spring and summer session.

In the period of 2003 and 2007, the proportions of regular session enrollment (75%) and spring/summer session enrollment (25%) of the total enrollment remain unchanged.

Notes:

1. Includes Graduate and Undergraduate data for both Spring/Summer Sessions.
2. Students are counted only once, regardless if they are enrolled in Spring and / or Summer sessions.
3. Includes Pre-Master's, Doctoral, Occasional, and Diploma students.
4. UM unable to breakdown Full/Part-time in 2006, therefore all students in spring/summer session are counted as part-time.

CHAPTER 1 - UNIVERSITIES

PART 2

UNDERGRADUATE ENROLLMENT

1.2 Undergraduate Enrollment

This section includes undergraduate enrollment data from 2003/04 to 2007/08 by session, gender, age, and for international students.

1.2.1 Undergraduate Enrollment – All Sessions

In the five year period of 2003/04 to 2007/08, overall total undergraduate full-time enrollment for all session increased by 1,925 students (7.5%). Part-time enrollment also showed an increase of 567 students (2.7%) in the same 5 year period.

Notes:

1. Includes Undergraduate data for both Regular and Spring/Summer Sessions.

2. Includes Distance Education students.

3. Totals may not add due to rounding. FTE = FT + (PT/3.5)

4. In April 2006, University of Manitoba implemented a new student registration system. The new system has a different conceptual format, i.e. students registration information are separated/recorded on a term by term basis. For the purpose of reporting, Fall term enrollment is used. Since registration system change, all students in spring/summer session counted as part-time.

The summary below illustrates that in 2007/08, the distribution of undergraduate enrollment by universities is; UM – 65.5%, UW – 23.1%, BU – 8.6%, CUSB – 2.1% and UCN 0.7%. Cumulatively over the 5 year period, Undergraduate enrollment increased by 5.4% or 2,492 students.

Undergraduate Enrollment Distribution by Universities

	2003/04	2004/05	2005/06	2006/07	2007/08

UCN	-	-	0.2%	0.6%	0.7%

1.2.2 Undergraduate Enrollment – Regular Session

Undergraduate regular session enrollment trends are similar to those of total regular session enrollments, only CUSB and UCN experienced increases in 2007/08, where as UM, UW and BU showed an enrollment decrease in the same period.

Table 1.2.2 - Undergraduate Enrollment - Regular Session

Notes

1. Excludes pre-master's students. Pre-master's students are included in Graduate Studies.
2. Enrollment in the integrated B. Human Ecology/B. Education program is reflected in Education for Years 2 through 5. Enrollment in the integrated B. Music/B. Education program is reflected in Music for Years 2 and 3 and in Education for Years 4 and 5. Enrollment in the integrated programs for 2001/02 is reflected in Human Ecology (B. Human Ecology/B. Education) and Music (B. Music/B. Education) for Years 3 and 4 and in Education for Year 5.
3. University I program was introduced in 1998. Most "new" students, with limited or no university experience registered in this program. Faculties/schools that had previously accepted "new" students will show an enrollment drop for 1998.
4. Distance Education includes only those students taking all of their courses through a distance mode of delivery. Students taking a combination of on-campus and distance courses are included under their faculty of registration.
5. The Asper School of Business was formerly reported as the Faculty of Management.
6. Faculty of the Environment changed its name to the Clayton H. Riddell Faculty of Environment, Earth, and Resources in 2004.
7. Faculty of Physical Education and Recreation Studies changed its name to the Faculty of Kinesiology and Recreation Management in July 2007.
8. Extended Education formerly reported as Continuing Education.

Note: Formerly Keewatin Community College (KCC). Bachelor of Arts is the first degree program offered at UCN in Sept/2005.
2. University College of the North (UCN) was established in July 2004 and replacing Keewatin Community College (KCC). It began offering Bachelor of Arts in 2005/06 and Kanaci Otinawewasowin (Aboriginal Midwifry)Baccalaureate Program (KOBP) in 2006/07.

1.2.3 Undergraduate Enrollment – Spring/Summer Session

Similar to the data on total enrollment for spring and summer session in Table 1.1.3, almost all undergraduate spring and summer session enrollment was comprised of part-time students.

Table 1.2.3 - Undergraduate Enrollment - Summer / Spring [1]

Notes:

1. UM enrollment include all non-winter courses from May to August.

2. Since registration system change all students in spring/summer session counted as part-time.
FTE = FT + (PT/3.5)

Between 2003 and 2007, total undergraduate spring and summer session enrollment increased steadily by 1,846 students or 16.8%. Part-time undergraduate spring and summer session enrollment comprised almost 99.9% of total spring and summer enrollment.

UM has the largest enrollment of all Spring and Summer session of 70.4%, followed by UW (19.1%), BU (8.8%) and CUSB (1.6%).

Notes:

1. Students are counted once even if they are enrolled in multiple sessions.
2. University 1 program was introduced in1998. Most "new" students, with limited or no university experience have registered under this program.
3. Enrollment in the old integrated B. Human Ecology/B.Education program is shown in Education for year 2 through 5. In the new integrated programs, enrollment is shown in Human Ecology or Music for year3 and 4 and in Education for year 5.
4. The Faculty of Environment is new in 2003. Faculty of Environment contains some students previously reported under the Faculty of Arts and the Faculty of Science, as well as students previously reported under Natural Resources Institute.
5. Full/part-time breakdown unavailable for 2006, therefore all students in spring/summer session counted as part-time.

Note:

1. Spring/Summer Session courses are not offered on a full-time basis.
2. University 1 program was introduced in1998. Most "new" students, with limited or no university experience have registered under this program.
3. These students are taking courses at the university levels but are not seeking a credential.
4. These are UM students taking courses at CUSB.

1.2.4 Undergraduate Enrollment by Gender – Regular Session

Table 1.2.4 shows that women comprised a larger proportion of undergraduate regular session enrollment in each of the five years at all universities. However, the proportion of male students has increased by 0.6% from 40.2% to 40.8% in 2003/04 to 2007/08.

1.2.6 Undergraduate Credit Hours

Credit hours are defined as the hours of weight associated with a course, indicating the relative weight of the course in a program of study. Total credit hours are the sum of all credit hours taught by faculty. As the data indicate, credit hours at each institution generally follow the same trend as enrollment.

Table 1.2.6 - Total Undergraduate Credit Hours Summarized -University by Session

Notes:

1. Undergraduate Student Credit Hours (UGSCH) are the hours of weight associated with a course indicating the relative weight of the course in the program of studies. There is often a correlation between lecture class hours and hours of credit; for example, a full course carrying six (6) hours of credit may entail three (3) hours of lectures per week, both terms. This report includes: (a) distance education credit hours - students taking all of their courses through a distance method of delivery, such as Independent Study, on-line web, video conferencing, computer mediated study, telecourse or community based study; (b) all courses taught off-campus with stipend from other than faculty or school resources;
2. The Asper School of Business was formerly reported as the Faculty of Management.
3. The increase is due largely to the introduction of a new major in Supply Chain Management.
4. In 2003-2004, a key fourth-year course increased by 24 credit hours.
5. The Department of Mechanical and Industrial Engineering changed its name to the Department of Mechanical and Manufacturing Engineering in 2004.
6. Faculty of Environment changed its name to the Clayton H. Riddell Faculty of Environment, Earth, and Resources in 2004.
7. The Departments of Environmental Science and Geography combined to form the Department of Environment and Geography.
8. The Department of Clothing and Textiles changed its name to the Department of Textile Sciences in 2005.
9. The Department of Family Studies changed its name to the Department of Family Social Sciences in 2004.
10. Previously reported under Medical Rehabilitation.
11. The Department of English changed its name to the Department of English, Film, and Theatre in January 2008.

% change	5.5%	1.9%	5.1%	-2.4%	-5.0%

relative weight of the course in the program of studies. There is often a correlation between lecture class hours and hours of credit; for example, a full course carrying six (6) hours of credit may entail three (3) hours of lectures per week, both terms. This report includes: (a) distance education credit hours - students taking all of their courses through a distance method of delivery, such as Independent Study, on-line web, video conferencing, computer mediated study, telecourse or community based study; (b) all courses taught off-campus with stipend from other than faculty or school resources;

2. The Asper School of Business was formerly reported as the Faculty of Management.

3. The increase is due largely to the introduction of a new major in Supply Chain Management.

4. In 2003-2004, a key fourth-year course increased by 24 credit hours.

5. The Department of Mechanical and Industrial Engineering changed its name to the Department of Mechanical and Manufacturing Engineering in 2004.

6. Faculty of Environment changed its name to the Clayton H. Riddell Faculty of Environment, Earth, and Resources in 2004.

7. The Departments of Environmental Science and Geography combined to form the Department of Environment and Geography.

8. The Department of Clothing and Textiles changed its name to the Department of Textile Sciences in 2005.

9. The Department of Family Studies changed its name to the Department of Family Social Sciences in 2004.

10. Previously reported under Medical Rehabilitation.

3. These are UM students taking courses at CSB.

4. UM students taking courses at CUSB.

1.2.8 Undergraduate Course Sections

Course section size is defined as the number of three credit hour equivalent sections taught. Table 1.2.8 shows course sections by class size which is equal to enrollment in each course section. Total course sections are the sum of all courses taught.

Table 1.2.8 Undergraduate Course Section [1] by University - Regular Session

1.2.9 Undergraduate Enrollment of International Students

Table 1.2.9 shows that in general, undergraduate international student enrollment increased significantly over the five-year period at all universities. International student enrollment increased by 925 from 1,678 in 200/304 to 2,601 in 2007/08 (or 55%).

In 2007/08, the majority of undergraduate international students that came to universities in Manitoba were from Asia (1,877 students or 72.2%), Africa (321 students or 12.3%) and North & Central America (126 students or 4.8%).

CHAPTER 1 - UNIVERSITIES

PART 3

GRADUATE ENROLLMENT

1.3 Graduate Enrollment

1.3.1 Graduate Enrollment – All Sessions

Table 1.3.1 shows that in 2007/08, UM accounted for just over 87.8% (4,182 students) of total graduate enrollment. This is to be expected, given that the other universities are primarily undergraduate institutions.

Cumulatively, full-time graduate enrollment increased by 8.5% (232 students), while part-time graduate enrollment had an increase of 7% between 2003/04 and 2007/08.

Notes:

1. Includes Regular Session and Spring and Summer Sessions.
2. Includes Joint Master's Program students who have their workload directly associated with the UM.
3. Includes Pre-master's, Master's, Doctoral, Occasional and Diploma students.
4. Enrollment is discrete count of students in session; e.g. student enrolled in Regular and Spring/summer session in the same year may be counted twice in the above data.

FTE=FT+(PT/3.5)

1.3.2 Graduate Enrollment – Regular Session

Total regular session full-time graduate enrollment showed an increase of 232 students (or 9.4%) while total part-time enrollment decreased by 60 students (or -5.1%) between 2003/04 and 2007/08.

Overall, graduate regular session enrollment increased by 172 students or 5.0%.

1.3.3 Graduate Enrollment – Spring/Summer Session

Tables 1.3.2 and 1.3.3 shows, over the five-year period, regular session graduate enrollment comprised 85% and spring and summer session 15% of the total graduate student enrollment. Overall, graduate spring and summer session enrollment accounted for approximately 5.3% of total spring and summer session enrollment. (All graduate students taking part in spring and summer session are considered part-time.)

Notes:

1. Includes Pre-master's, Master's, Doctoral, Occasional and Diploma students.
2. Students are counted only once, regardless if they are enrolled in both Spring and/or Summer session

1.3.4 Graduate Enrollment by Gender – Regular Session

2007/08 graduate enrollment was comprised of 57.5% female and 42.5% male. The last 5 years, 2003/04 to 2007/08, women continue to comprise the larger proportion of regular session graduate enrollment each year.

Table 1.3.4 - Graduate Enrollment by Gender [1,2] - Regular Session

Notes:

Gender is self-declared. Not all students report their gender.

1. Data as at November 1st. Graduate figures include students continuing in a course or thesis over more than one session.
2. Includes students in the Canadian Studies program at St. Boniface taking courses at the U. of M.
3. All diploma programs in Dentistry converted to Master's programs in 2001/02.
4. Students in the Education program at CSB taking courses at the UM.
5. The Department of Civil & Geological Engineering has changed its name to the Department of Civil Engineering in 2001/02.
6. Includes new Occupational Therapy graduate program in 2003-2004.
7. The Asper School of Business was formerly reported as the Faculty of Management.
8. Faculty of Environment new in 2003. Prior to 2003 the Department of Geography was reflected under the Faculty of Arts, the Department of Geological Sciences was reflected under the Faculty of Science and the Natural Resources Institute was listed under its own heading.

CHAPTER 1 - UNIVERSITIES

PART 4

DEGREES GRANTED

1.4 Degrees Granted

1.4.1 Total Degrees Granted

As Table 1.4.1 shows that in the five-year period from 2003 to 2007 the number of university degrees granted increased from in 6,000 in 2003 to 6,910 in 2007 – an increase of 910 or 15.2%.

Distribution of the total degrees granted by university in 2007 shows; the UM/CUSB granted 69.5%, UW 21.5%, and BU 9.0%.

Table 1.4.1 Total Degrees Granted [1]

	2003	% Change	2004	% Change	2005	% Change	2006	% Change	2007	% Change	Cumulative % Change 2003 to 2007

Total	**6,000**	6.5%	**6,453**	7.6%	**6,740**	4.4%	**7,005**	3.9%	**6,910**	-1.4%	**15.2%**
Collège universitaire de Saint-Boniface	164	33.3%	186	13.4%	181	-2.7%	193	6.6%	172	-10.9%	**4.9%**

Notes:
1. The reporting of degrees is based on a calendar year (February, May and October graduands).
2. Includes CUSB graduates. CUSB is legally an affiliated college of the UM, and as such, the UM Senate confers degrees. Therefore, CUSB students receive UM degrees and are counted in the UM graduate tables.

1.4.1 (a) Total Degrees Granted by Institutions

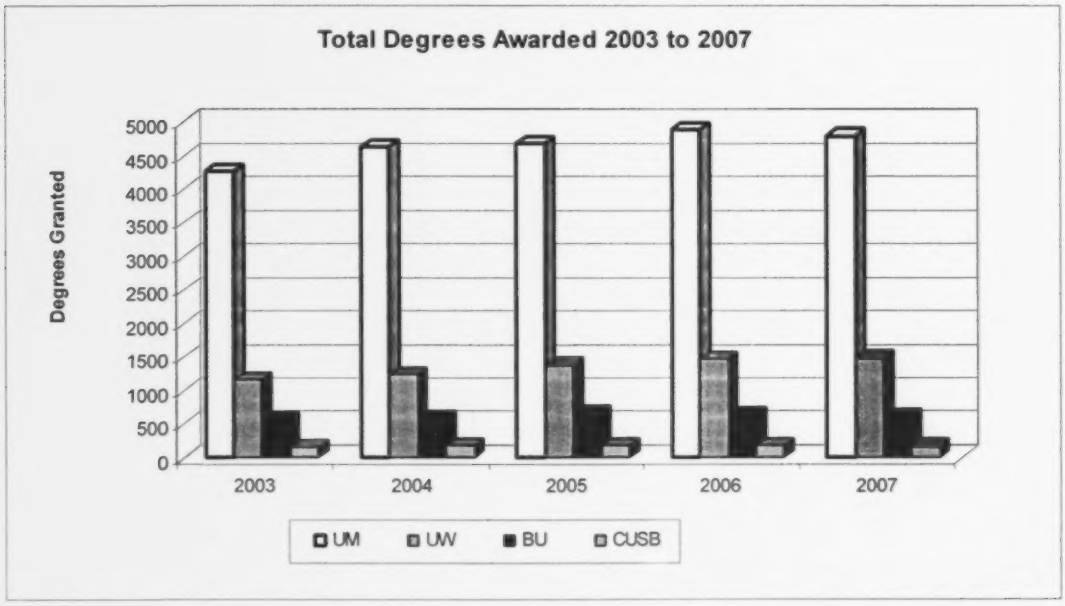

Table 1.4.1 (b) Total Degrees Conferred – Undergraduate and Graduate, All Universities

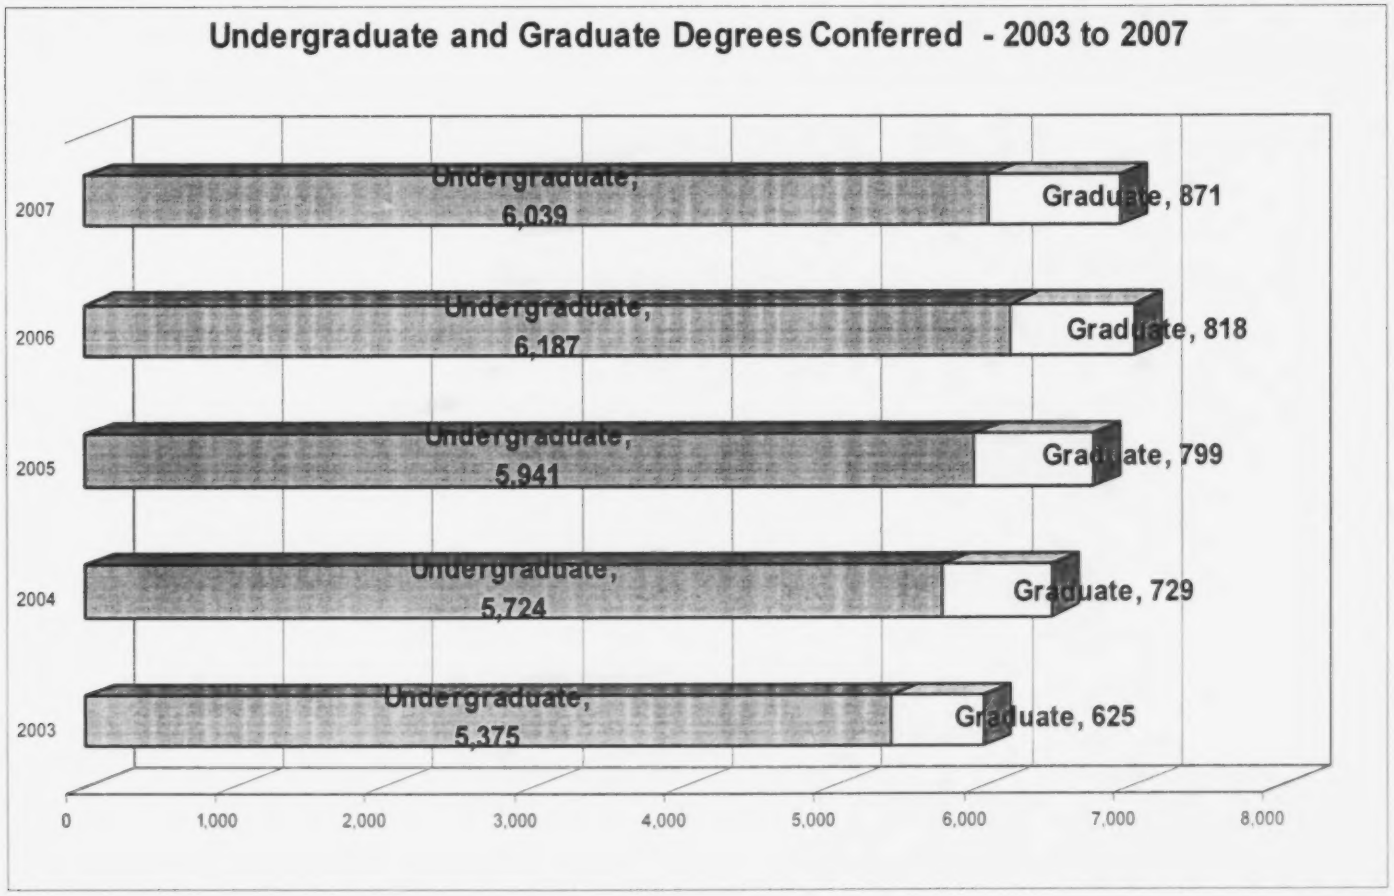

1.4.2 Undergraduate Degrees and Degrees Granted by Gender

Table 1.4.2 shows, over the five-year period, the number of undergraduate degrees granted increased by 12% (664 graduates).

Of the total undergraduate degrees granted in 2003, 62.5% degrees were granted to women and 37.5% to men. By 2007, the proportion of women receiving undergraduate degrees had decreased to 61.0%, while the proportion of men receiving degrees increase to 39%.

Analysis by gender shows that over the five-year period, the number of women and men receiving undergraduate degrees increased by 10% (or 324 graduates) and 17% (or 340 graduates) respectively.

Notes:

1. The reporting of degrees is based on a calendar year (February, May and October graduands)
2. CSB Students
3. After 1999, the Bachelor of Nursing degree included the Bachelor of Nursing for Registered Nurses (2yr program) and Baccalaureate Nursing (4 yr program).
4. UW Education students have always graduated from UW, including the early 1990's when the 4th year was taken at U of M.
5. CSB is an affiliated college of U of M. The UM Senate confers degrees. CSB students receive UM degrees and are counted in the UM graduate tables.
6. Post Baccalaureate Certificate changed to Post Baccalaureate Diploma in 2004. Certificate students had the option of changing to the Post Baccalaureate Diploma.

1.4.3 Graduate Degrees Granted by Gender and Credential

The total graduate degrees granted by Manitoba's universities between 2003 and 2007 increased by 246 or 39.4%, as shown in Table 1.4.3. The data also shows that in 2003 women received 341 (54.6%), and men 284(45.4%) of total graduate degrees granted. In 2007, the women received 477 (or 54.8%), and decreased slightly for men 394 (or 45.2%) of total graduate degrees granted.

Notes:

1. The reporting of degrees is based on a calendar year (February, May and October graduands).
2. Includes CUSB graduates.
3. Includes the Theology program.
4. CUSB is legally an affiliated college of the UM, and as such, the UM Senate confers degrees. Therefore, CUSB students receive UM degrees and are counted in the UM graduate tables.
5. Totals are not equal to those in Table 1.4.1 as gender is self-declared. Not all students report their gender.

Note:

1. CUSB is legally an affiliated college of the UM, and as such, the UM Senate confers degrees. Therefore, CUSB students receive UM degrees and are counted in the UM graduate tables.

UM:

1. The reporting of degrees is based on a calendar year (February, May and October graduands). Does not include honorary degrees.

2. Clayton H. Riddell Faculty of Environment, Earth, and Resources new in 2003. Clayton H. Riddell Faculty of Environment, Earth, and Resources contains some degrees previously reported under the Faculty of Arts and the Faculty of Science, as well as all degrees previously reported under Natural Resource.In prior years a PhD program in Natural Resources and Environment was offered through the Deparment of Graduate Studies (Interdisciplinary).

3. Master of Public Administration previously reported under Graduate Studies.

the Faculty of Management.

5. Master of Accountancy program discontinued in 2000-2001.

6. Master of Dentistry Degree replaces the Diploma in Periodontics and Diploma in O & MS in 2001.

7. Faculty of the Environment changed its name to the Clayton H. Riddell Faculty of Environment, Earth, and Resources in 2004.

8. Disability Studies new in 2003-2004.

9. In 2007, The Faculty of Physical Education & Recreation Studies was renamed the Faculty of Kinesiology & Recreation Management.

10. Program leading to Master of Arts in Recreation Studies new in 1999-2000.

11. Occupational Therapy previously an undergraduate program. New Master's of Occupational Therapy program included in graduate figures.

12. Master's of Music program new in 2001-2002.

13. Program leading to a Master of Mathematical, Computational & Statistcal Sciences new in Summer 2001.

CHAPTER 2 –COLLEGES

CHAPTER 2 – COLLEGES

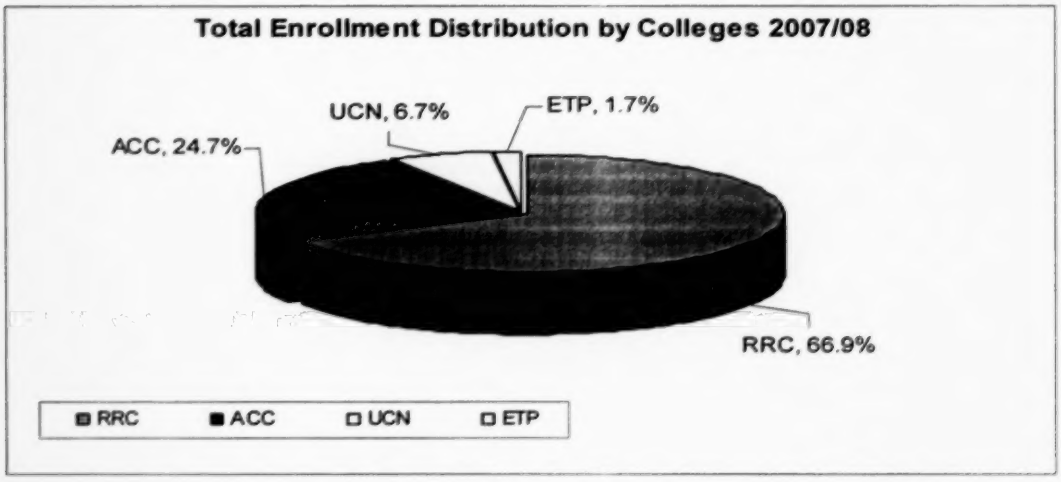
2.0 Background

The data in this chapter reports on community college activity for the five year period between 2003/04 and 2007/08. Established in July 2004, University College of the North (UCN) replaced Keewatin Community College (KCC), offering both university degree programs and college programs in 2005/06 and only college programs data are included in this chapter. The other institutions that are included in this section are Red River College (RRC), Assiniboine Community College (ACC) and École technique et professionnelle (ETP), the community college division of Collége universitaire de Saint Boniface.

2.1 Enrollment

College enrollment data are collected and reported in conjunction with Statistics Canada reporting methods. Data are reported annually as of August 31.

2007/08 college enrolment distribution is as follows: 2007/08, RRC has the largest portion of (66.9%) of the total college population, while ACC accounted for (24.7%), UCN (6.7%) and ETP (1.7%).



Enrollment Distribution by College

	2003/04	2004/05	2005/06	2006/07	2007/08
RRC	66.0%	63.6%	65.8%	66.9%	66.9%
ACC	22.3%	23.9%	23.5%	24.9%	24.7%
UCN	10.0%	10.7%	9.0%	6.4%	6.7%
ETP	1.7%	1.8%	1.7%	1.8%	1.7%

2.1.1 Enrollment by College

As Table 2.1.1 illustrates, the colleges' enrollment increased steadily between 2003/04 and 2007/08. In the five year period, overall enrollment increased by 1,232 students (or 8.5%).

Enrollment on a full-time basis accounted for 87.4% of total enrollment in 2007/08. This is an increase of 0.3% from 2006/07, when full-time enrollment accounted for 87.1% of total enrollment.

In addition, full-time enrollment increased 7.1% (or 912 students) between 2003/04 and 2007/08. Similarly part-time enrollment jumped 19.4% (or 320 students) in the same five-year period.

Notes

1 Census Date: End of the academic year.

2 Includes students enrolled in regular programs, apprenticeship and studying full time at regional Centres.

3 FTE = (total academic hours+(total Practicum hours/3))/900 academic equivalent hours or 180 training days.
FTE figures are calculated and provided by institutions.

4 Formerly known as the Keewatin Community College (KCC). UCN degree programs are excluded.

2.1.2 Enrollment by Gender

In 2007/08, male comprised 46.1% of total enrollment, female at 44.5% and 9.4% are unreported.

Notes:
1. Unknown status arises from incomplete records at the colleges.
2. Formerly known as the Keewatin Community College

Table 2.1.2 (a) illustrates gender distribution at four colleges. More than half of the students at RRC (56.4%) and UCN (52.9%) are of male, where as ACC and ETP tended to have a higher percentage of female students.

Notes:

1. Enrollment is as of program start date.
2. Enrollment by Age is a unique count of students regardless of number of programs enrolled. Therefore figure may be different from Table 2.1.1 (Total enrollment by College)
3. ACC unable to report full and part time breakdown separately.
4. Formerly known as Keewatin Community College
5. Total may not add to 100% due to rounding.
6. Total in table 2.1.3 will not be the same as table 2.1.1 due to UCN unable to separate studens in degree or college program by age.

2.1.4 Enrollment by Aboriginal Status

Since Aboriginal status is self-declared process, enrollment count may be understated. Data in Table 2.1.4 indicate over the five year period enrollment of Aboriginal students increased by 8.2% or 182 students from 2003/04 to 2007/08.

Notes:
1. Aboriginal status is self-declared.
2. ACC unable to separate full time and part time by aboriginal status.
3. No self-declared Aboriginal students at ETP.

Table 2.1.4(a) shows in 2007/08, Aboriginal students' distribution to total college enrollment was: RRC (8.3%), ACC (15.4%), UCN (85.1%) and ETP reported zero percentage. In the five year period, percentage distribution of Aboriginal students at UCN increased by 24.5% from 60.6% to 85.1%.

Average Aboriginal student distribution to total college enrollment is 16% over the five year period.

CHAPTER 3

UNIVERSITY AND COLLEGE RETENTION

CHAPTER 3: UNIVERSITY AND COLLEGE RETENTION

3.0 Background

This chapter presents data showing retention and graduation rates of full-time students in credit programs at Manitoba's public universities and colleges.

Universities and colleges do not have the capacity to track students who leave to attend another post-secondary institution. University data have been adjusted based on surveys to provide an estimate of the number of students transferring to another post-secondary institution. This analysis helps to report the most complete information regarding the success of students in the post-secondary system in Manitoba.

Universities' graduation and retention data included in the 2009 Compendium have been revised to reflect corrections in data received by universities, as well as to account for students changing program, and going from full- to part-time studies and vice versa.

3.1 University Retention

Table 3.1a shows graduation and retention rates for students who enter university as full-time students in programs that do not require previous post-secondary studies ("First Entry Programs").

The percent of students graduating from First Entry Programs after five years has increased from 51.6% for the 2000 cohort[1] to 55.0% for the 2003 cohort. Attrition was highest in 2000 at 26.7% and has gradually improved by 2003 to 21.0%.

Notes:

1. Table excludes students switched from a first entry program (e.g. University 1) to a "second entry program" such as medicine.
2. Due to rounding total may not equal to 100%
3. In 2006/07, University of Manitoba implemented a new Student Information System. Data prior to 2001 are not comparable due to system change.

[1] A 'cohort' refers to those students who entered a program in a particular year. Thus, the 2001 cohort refers to those students who entered their program in 2001. Rates are calculated after the end of the first year, fifth year and seventh year of studies after entry into the program. Thus, the 2001 cohort is assessed in 2002 (end of first year), 2006 (end of fifth year), and 2008 (end of seventh year).

Table 3.1b shows graduation and retention rates for students who enter a program that requires previous post-secondary study ("Second Entry Programs").

Similar to First Entry Programs, the percentage of students graduating from Second Entry Programs after five years increased from 94.1% for the 2000 cohort to 96.3% for the 2004 cohort. The percentage of students withdrawing from Second Entry Programs over the five years has decreased from 4.4% for the 2000 cohort to 2.3% for the 2003 cohort.

Notes:

1. Table includes students entering a second program with a degree or transferring in from another program within the same university to a program requiring prerequisite university studies. Students in co-operative education programs are excluded.

2. Due to rounding total may not equal to 100%

3. In 2006/07, University of Manitoba implemented a new Student Information System. Data prior to 2001 are not comparable due to system change.

Table 3.1c shows graduation and retention rates for students in co-operative education programs. Co-operative education programs are tracked differently from First and Second Entry Programs, recognizing the fact that work placements require periods away from formal study, lengthening the duration of the program.

The percentage of students graduating from Co-operative Education Programs after six years decreased from 99.4% for the 2000 cohort to 97.9% for the 2003 cohort. The percentage of students withdrawing from Co-operative Education Programs is less then 1% over the 6 year period.

CHAPTER 4

UNIVERSITY AND COLLEGE STAFFING

CHAPTER 4 – UNIVERSITY AND COLLEGE STAFFING

4.0 Background

This chapter includes two sections of data and analysis on the universities and colleges for the years 2003/04 to 2007/08. The first section includes data on staffing at the universities and the second section is on staffing at the colleges. Each section provides data on the number of academic faculty and support staff at each institution, as well as rank, gender and salary levels.

4.1 University

4.1.1 All Staff by type (Total Staffing)

"All staff" refers to everyone employed at a university. This includes all administrators, academic faculty, administrative staff, librarians, as well as trades people and janitorial staff. It is the sum of all full-time and part-time staff at each university in Manitoba. Full time term staff works equal or greater than 12 months, while part time term refers to those individuals who work for less than 12 months.

Full-time staff is shown in four categories permanent, term, reduced appointments and geographic. Part time staff is shown in three categories permanent, term and casual. A permanent staff member has a continuing appointment with no fixed end date, while staff members with term appointments work on a contract with a fixed duration. A reduced appointment is a full-time staff member working less than a full staff year with full benefits. This reduced appointment can be voluntary or required at age 69, at some universities. Full-time geographic appointment reported only at the UM, this category includes; medical doctors who, in addition to their academic appointment, have a clinical practice, or casual staff who are generally on contract for short time spans. Staffing numbers are reported as of October 1 each year.

4.1.1 – All Staff by Type

In 2007/08, Academic staff comprised 42.9% (4,117) of total staff and 57.1% (5,481) is in the Administrative component. Over 60% of academic staff is full-time and 40% teaches part-time. Similar to the academic staff distribution, percentage of full staff is over 50%.

Notes:

1. Full time staff includes Deans and Directors equivalent to Deans.
2. Mean salary is calculated by the universities.
3. UM - including Medical/ Dental full time staff.

Analysis by gender in Table 4.1.4 shows that women continue to dominate over 65% of the administrative and support positions at all four universities.

Table 4.1.4 - Administrative and Support Staff by Gender - Full and Part time[1]

Notes:

1. Table includes academic and non-teaching administrators, counselors, librarians, program support, and computer support personnel. Deans, Directors, Causal and term staff are excluded .
2. UW data in 2005/06 and 2006/07 include part-time casual staff.

4.2 College

"All Staff" refers to everyone employed at a college; this includes all administrators, instructors, educational assistants, administrative assistants, librarians, as well as trades people and janitorial staff. Full-time staff works the full number of hours per week (usually 35) as defined for a particular position, over a 12 month period. Part-time staff works less than 35 hours per week, as defined for a particular position, or who work for less than a 12 month period.

CHAPTER 5

ACCESS PROGRAMS

CHAPTER 5 – ACCESS PROGRAMS

5.0 Background

The ACCESS Programs were developed in the 1970's to maximize access to post-secondary education among under-represented groups that face significant academic, financial, social and personal barriers. Priority groups are those of Aboriginal ancestry, northern residents, people with disabilities, visible minorities, women, single parents, and immigrants and refugees. Integral to ACCESS Programs are the academic and personal supports provided to students to complete their program successfully.

Data provided in this Chapter may differ from the Fall 2008 edition. Data in this document should be considered correct, as some of the institutions have revised their data. Where this has occurred, "Revised" will be noted.

5.1 ACCESS Programs by Institution

Five post-secondary institutions currently deliver the twelve ACCESS Programs described below. There are two teacher education programs, an off-campus UW program at the Winnipeg Education Centre (WEC), and the Brandon University Northern Teacher Education Program (BUNTEP) delivered in remote communities and regional centres in the North and in rural Manitoba.

There are two Social Work Programs offered by the UM. One is in Thompson for northern residents. The second is located off-campus at WEC for Winnipeg residents. The WEC –Inner City Social Work Program (WEC-ICSWP) has an additional component, the Aboriginal Child Welfare Initiative Program (ACWI). The first intake for ACWI occurred in 2003/04. There are also two preparations for nursing programs, one is delivered by KCC (now UCN), and the other is delivered by RRC for residents of southern Manitoba. In addition, UCN delivers a preparation for health careers program in Norway House.

Two general on-campus ACCESS programs exist at RRC and UM. These programs allow students to enroll in any field of study with full use of the support programs offered by the ACCESS programs. The UM has three other on-campus ACCESS programs, all of which are intended for Aboriginal students. These programs are in Engineering, Pre-Medical Studies, and a separate program for students that advance to the health field.

Table 5.1 – ACCESS Program by Institution

Institution	ACCESS Program
Brandon University	• **Brandon University Northern Teacher Education Program (BUNTEP)** An off-campus community based Bachelor of Education program for students in northern and rural Manitoba
University of Manitoba	• **University of Manitoba ACCESS Program (UMAP)** A program providing access to educational opportunities on-campus at the UM for northern and rural students • **Health Careers ACCESS Program (HCAP)** In 2006, Nursing ACESS Program (NAP) and Special Pre-Medical Studies Program (SPSP) were merged under a new name. HCAP includes students in the faculties of Medicine, Dentistry, Dental Hygiene, Pharmacy, Medical Rehabilitation (Physical and Respiratory Therapy) and Nursing **Professional Health Program (PHP)** A program providing support to students in the faculties of Medicine, Dentistry, Pharmacy, and Medical Rehabilitation for those who have gained admission to these faculties • **Northern Bachelor of Social Work Program (NBSWP)** A Bachelor of Social Work program in Thompson • **Inner City Social Work Program (ICSWP) and Aboriginal Child Welfare Initiative (ACWI)** An off-campus Bachelor of Social Work program • **Engineering ACCESS Program (ENGAP)** A Bachelor of Engineering program for Aboriginal students
University of Winnipeg	• **Winnipeg Education Centre – Bachelor of Education Program (WEC-Ed)** An off-campus Bachelor of Education program that trains teachers for Winnipeg's inner city • **Community-based Aboriginal Teacher Education Program (CATEP)** - Implemented in Fall of 2005/06. Program is designed specifically for Aboriginal Teacher Assistants to attain the Bachelor of Education degree
Red River College	• **Business Administration Integrated Program (BAI)** Formerly called Community College ACCESS Program (CCAP). A three-year diploma program intended for applicants who, because of a lack of resources, do not meet the basic entry requirements for the two-year Business Administration Program. • **Southern Nursing Program (SNP)** A preparation program designed to enable applicants from southern Manitoba who do not meet the educational requirements for the joint Baccalaureate Nursing Program, to acquire the skills to enter the program.
University College of the North	• **Preparation for Nursing (PN)** A preparation program located in Thompson and The Pas designed to enable applicants from northern Manitoba who do not meet the educational requirements for the Baccalaureate Nursing Program to acquire the skills to enter the program or others in the health field. The PN Program was re-named to Preparation for Health Careers (PHC) in 2003/04. Students who complete the program may enter the BN Program, or they may also choose to enter other health related programs providing they have the same admission requirements. • **Health Education ACCESS Program (HEAP)** A program delivered at Norway House that prepares students who do not meet the educational requirements for programs in the health field. HEAP students often choose the BN program upon completion.

data is a snap shot as of Nov 2008

Symbol:

(--) program did not exist.

P = Preliminary

R= Revised (revised data updated as being received)

Notes:

1. New Intake - Number of new students accepted in Year 1 of the Program
2. Enrollment - Active students continuing in program, regardless of the entrance year to program.
3. BUNTEP - no intake in 2003/04 due to program site restructuring.
4. 2000/01 intake includes 3 one time only programs of 1 to 2 years. These programs are categorized
5. Graduates - Number of students graduate in that year, regardless of the entrance year to program.
6. CATEP - new program introduced in 2005/06.

7. The previous Nursing Access Program (NAP), the Pre-Nursing Access Program, and the Special Pre-Medical Studies Program (SPMP) were merged under the new Health Careers Access Program (HCAP) in 2006. HCAP includes students in the faculties of Medicine, Dentistry, Dental Hygiene, Pharmacy, Medical Rehabilitation (Physical and Respiratory Therapy) and Nursing. Pre-HCAP students are students who have expressed an interest in Nursing, however, they have not yet gained admission to the faculty.

5.3 Student Demographics

Table 5.3 has been modified to illustrate demographic profile of new intake of students enrolled in ACCESS programs between 2003/04 to 2007/08. In 2007/08, Aboriginal students comprised an average of 73% of the total students by demographic group. Aboriginal male distribution increased to 28% from 25% in 2006/07.

Financial assistance is limited to a specific number of seats annually and is provided to eligible students through federal loans and provincial bursaries. In 2007/08, 80% of ACCESS students have received financial support from various organizations and 20% are students are self supporting or by other means.

1. A February snap shot of new students enrolled in the Program.
2. Students may belong to more than one demographic group, therefore 'Total' may be different.

5.4 Graduate Employment Outcomes

ACCESS program graduates are surveyed annually to determine their employment outcomes. As table 5.4 shows, in 2007/08 (77.4%) ACCESS graduates either found employment or were continuing their education. Data also show that in 2007/08, 80% of employed graduates found work related to their field of study.

Table 5.4 - Graduate Employment Outcomes 1, 2

Employment status following graduation	2003/04 - Percentage distribution (n= 122)	2004/05 - Percentage distribution (n= 60)	2005/06 - Percentage distribution (n= 71)	2006/07 - Percentage distribution (n= 130)	2007/08 - Percentage distribution (n=114)

2. Voluntary survey, only captures students graduating on or before January of each year.
3. Must be seeking employment but unemployed.
4. Not actively seeking employment.

CHAPTER 6

OTHER FUNDED PROGRAMS AND INSTITUTIONS

6.1 Campus Manitoba

6.1.1 Background

Campus Manitoba (CMB) is a consortium of Manitoba's publicly funded universities and colleges. Funded by Council on Post-Secondary Education, CMB coordinates the registration of students and the delivery of certificate, diploma and degree courses/programs offered by the participating universities and colleges. CMB courses are delivered by means of a variety of learning technologies and web based platforms directly to the student or to a CMB Centre. CMB provides alternate options and increased flexibility to students living in rural, urban centres and northern Manitoba.

CMB began as the First Year by Distance Education (FYDE) pilot project in September 1990. FYDE provided full-time first year university study in Arts and Science by distance education in the four northern and remote centres of Dauphin, Thompson, The Pas, and Flin Flon. In 1998, the mandate of the FYDE program was expanded, and the program was officially renamed Campus Manitoba to reflect the wide ranging courses offered by Brandon University, University of Manitoba, and University of Winnipeg at the undergraduate level. In 2006-07, the three universities collectively offered 57 distinct courses through Campus Manitoba.

6.1.2 Student Count by Community

Between 2003/04 to 2007/08, number of students registered decreased by 2 (or 54%) from 543 to 249.

Table 6.1.2 Number of Unique[1,2] Students by Community

1. Count of course registerations of students. i.e a student may be registered in one or more courses in the report period.

2. Includes University and College registrations.

6.2 Inter- Universities Services

6.2.1 Background

Inter-Universities Services (IUS) is a consortium of UM, UW, and BU that was established in 1971/72 to deliver undergraduate courses and related student support services in communities north of the 53rd parallel. Students who register through IUS may transfer courses, grades and credits between the three universities. All courses satisfy the residency requirements for degrees at each university.

IUS is administered by UCN. IUS offers courses primarily in arts, social sciences, history, native studies and business administration. IUS also provides electives to support other university programming in the north.

The On-Site programs offered by IUS provide both full and part time study opportunities by instructors who travel to the northern communities. Credit courses are offered in response to identified needs, subject to budget limitations.

6.2.2 On-Site Course Enrollments

As Table 6.2.2 shows, 2007/08 course enrollments in IUS declined over previous year by -5.7% and a cumulative decrease of -27.6% over the 5 year period.

Table 6.2.2 - On -Site Registration [1] by Community

Note:

1. Count of number of registrations: i.e student may be registered in one or more courses in the same academic year.

6.3 Private Religious Institutions

6.3.1 Background

There are four private religious degree-granting institutions that receive a portion of their funding from the Council on Post-Secondary Education. This funding is to support enrollment in non-theological, non-denominational courses. The private religious institutions are the Canadian Mennonite University (CMU), Providence College and Seminary (PCS), William and Catherine Booth College (WCBC), and Steinbach Bible College (SBC). Five years of enrollment and graduation data from the private religious institutions are available: 2003/04 and 2007/08.

6.3.2 Enrollment by Program – Regular Session

As the data in Table 6.3.2 show, regular session enrollment decreased slightly at three private religious institutions in 2007/08. Only Canadian Mennonite University (CMU) experienced an increase of 5.5% in 2007/08. Overall, enrollment decreased 154 or -8.0% over the five-year period.

CHAPTER 7 – TUITION FEES

CHAPTER 7 – TUITION FEES

7.0 Background

The information presented on tuition fees was obtained from a variety of sources. In 2007, Statistics Canada made change to the annual *Tuition and Living Accommodations Survey.* The Classification of Instructional Programs (CIP) coding was adopted to be used for all postsecondary surveys and Census of population. This allows the use of more recent and more accurate university enrolment data, which are also based on CIP, for the calculation of weighted tuition fees.

However, in some cases (e.g., medicine, education and a few others), the classification remained consistent. For these disciplines, only 2 factors affect the comparability of weighted averages to previous year: the number of institutions that provided tuition data and the more recent enrolments counts used in the calculations. In other cases (e.g., arts and sciences), the category no longer exists and the tuition for programs under that category may now appear under two or three different categories. It is not possible to map the tuition provided in the new categories to the categories used in preceding years. This data are found in Tables 7.2.1. Additional tuition fee information is found in Tables 7.1.1, 7.1.2 and 7.3.1 and was provided by the institutions annually.

Statistics Canada weighted tuition fees using historic enrollment data. Table 7.2.1 Weighting tuition fees provide an accurate and reliable indicator of the amount paid by the majority of undergraduate students are paying when seeking historical comparison. A weighted average considers the proportion of students in each field of study, allowing for a consistent view of fees over time. It is noted that weighting at the provincial and institutional levels is different. Institutional data cannot be averaged to equal the provincial data.

Community colleges provided the data directly to the Council on Post-Secondary Education, as Statistics Canada no longer collects this data.

7.1 Manitoba Universities and Colleges

In 2000/01, the provincial government reduced tuition fees in Manitoba by 10% from 1999/00 levels. The 10% reduction applied to all full and part time students in for-credit programs leading to a graduate or undergraduate degree. Since the numbers in the table are weighted by Statistics Canada, the reduction appears to be less than 10% for the University of Manitoba and CUSB.

Concurrent with the 10% tuition fee reduction, the institution were reimbursed for the reduction in revenue and provided additional funding in recognition of the fact that the institutions were unable to raise additional revenue. This practice has continued annually.

Table 7.1.1 - University Average Arts and Science Tuition [1]

University	Academic Year				
	2003/04	2004/05	2005/06	2006/07	2007/08
University of Manitoba [2]	$ 2,943	$ 2,943	$ 2,943	$ 2,943	$ 2,943
University of Winnipeg	$ 2,998	$ 2,998	$ 2,998	$ 2,998	$ 2,998
Brandon University	$ 2,847	$ 2,847	$ 2,847	$ 2,847	$ 2,847
Collège universitaire de Saint-Boniface	$ 2,999	$ 2,999	$ 2,999	$ 2,999	$ 2,999

Notes:

1. Table figures does not equal to Table 7.2.1 due to difference in weighted average formula.
2. Includes data only for arts and science faculties and excludes professional faculties or schools.

7.1.2 Colleges

The provincial policy for the 10% fee reduction in 2000/01 was applied to students in for-credit Council funded programs leading to a certificate or diploma. College tuition has remained at the 2000/01 level.

Table 7.1.2 - College Average Tuition

College[1]	Academic Year				
	2003/04	2004/05	2005/06	2006/07	2007/08
Red River College	$ 1,272	$ 1,272	$ 1,272	$ 1,272	$ 1,272
Assiniboine Community College	$ 1,310	$ 1,310	$ 1,310	$ 1,310	$ 1,310
University College of The North [2]	$ 1,314	$ 1,314	$ 1,314	$ 1,314	$ 1,314
École technique et professionelle	$ 1,274	$ 1,274	$ 1,274	$ 1,274	$ 1,274

Notes:

1.College tuition only, excludes other fees associated with college attendance.

2. University College of the North formerly known as Keewatin Community College.

7.2 Tuition Fee Comparison – Inter-provincial

7.2.1 University Tuition

Over the five year period, Manitoba continues to have the third lowest tuition fee in Canada.

Notes:

1. Using the most current enrollment data available, average tuition fees have been weighted by the number of students. Statistics Canada believes a weighted tuition fee provides an accurate and reliable indicator of the majority of undergraduate students are paying when seeking historical comparison. A weighted average considers the proportion of students in each field of study. This allows a consistent view of fees at the undergraduate lever over time.

2. BC tuition average includes both public and private institutions.

3. Fees for in and out of province students are included in this calculation. Quebec began charging non-Quebecois Canadians residents a differential fee in 1997/98.

7.2.2 College Tuition

In 2000/01, college tuition in Manitoba was reduced by 10% in accordance with the provincial government initiative. Since then, Manitoba has had the second lowest average college tuition fees in Canada at $1,292. Quebec has the lowest tuition in Canada.

7.2.2 Inter-provincial College Average Tuition

Province [1]	2003/04	2004/05	2005/06	2006/07	2007/08	*Cumulative % change2003/04 to 2007/08*

Source: Statistics compiled by Ministry of Advanced Education and Labour Market Development, British Columbia.

Notes:

1. Data includes basic college tuition costs. It excludes other fees such as student fees, endowment fees, health plans or technical. lab fees.

2. The Province of Quebec does not charge tuition fee at colleges (CEGEP).

3. Saskatchewan re-stated tuition fees for all years up to reflect average tuition for a 30 week certificate or diploma program.

7.3 Private Religious Institutions

As part of the funding arrangement with the Government of Manitoba, private religious institutions are expected to charge tuition for academic programs at a rate that is not less than tuition fee rates at public post-secondary institutions in Manitoba offering comparable courses.

Table 7.3.1 - Private Religious Institution Tuition by Program

Private Religious Institution [1]	2003/04	2004/05	2005/06	2006/07	2007/08
